## Reinvented Retro Cocktails™

We have taken a handful of recognizable retro cocktails, which have traditionally been made with inferior ingredients, and redesigned them using premium, fresh and natural ingredients. We have then deconstructed each recipe and laid out the components 'bento box' style, along with shaker and glass, so that you can shake and pour your own cocktail.

Why?

**Because drinking is fun!**

### 'Blue' Hawaiian · 9

French orange liqueur, infused with all natural organic 'blue' plant extracts, shaken with a healthy measure of Cuban white rum infused with natural coconut extracts, fresh pineapple and fresh lime juices, served up with a pineapple wedge

### Tequila Sunrise · 9

Premium reposado tequila shaken with fresh squeezed orange juice, a touch of fresh lime juice and a sunken dash of real pomegranate grenadine, served on the rocks with an orange slice

### Sex On The Beach · 9

Vodka shaken with pureed white peaches, pure unsweetened cranberry juice, fresh squeezed ruby red grapefruit, orange and lime juices, served on the rocks with a lime wheel garnish

### 'Sloe Gin' Fizz · 10

Due to the fact you can get neither sloe berries nor sloe gin here in BC, we made our own Canadiana alternative, 'Saskatoon berry gin', shaken with fresh lemon juice, strained over ice, topped with club soda and garnished with a lemon twist

### Manhattan · 9

Okay, so this cocktail doesn't really fit the profile as it's always stood as a timeless classic, but it does balance the list out nicely. 100% Canadian rye whisky stirred over ice with Italian red vermouth and bitters, served up and garnished with a brandied guinette cherry
